DOCKET NO. 95-835-C - ORDER NO. 1999-20

JANUARY 8, 1999

IN RE:	Request of AT&T Communications of the Southern States, Inc. to Implement 1+ and 0+)	ORDER GRANTING ✓ PETITION TO	MR
	IntraLATA Presubscription for IntraLATA)	INTERVENE	
	Toll Service.)	OUT-OF-TIME	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Petition of the Southeastern Competitive Carriers Association (SECCA or the Association) to Intervene Out-of-Time in this matter. According to its Petition, SECCA has an interest in this proceeding inasmuch as a large number of its members are providers or potential providers of competitive local exchange services and interexchange services in South Carolina. These services include intraLATA toll services and are provided when a consumer dials an access code, before dialing "1" followed by the ten digit number of the person he or she wishes to call. BellSouth provides intraLATA toll service to its customers that does not require dialing of an access code.

SECCA states that its intervention is necessary to protect the interests of its members in the investigation and resolution of this matter. SECCA requests permission to intervene in the above-captioned proceeding as a formal party of record. The Association notes that its intervention will aid the Commission by assisting in the development of a full and fair record to address the issues raised in this proceeding

SECCA states that its intervention out of time will not prejudice any party, nor delay the proceedings.

We do believe that SECCA's intervention out-of-time will aid us in developing a full record in this case, and that such intervention will not be prejudicial, nor will it delay the proceedings. Accordingly, we grant the Petition to Intervene Out-of-Time.

This Order shall remain in full force and effect until further Order of the Commission.
